Dear Mrs Busby

On behalf of The University of Cambridge Veterinary School Trust I am writing to thank you very much indeed for your generous donation to The HOPE Appeal which arrived this morning - we are extremely grateful for your support and will make sure your gift is put to good use. As the money was raised through (lots of) video sales we won't, unfortunately, be able to Gift Aid it, but it's still a tremendous total and undoubtedly represents lots of hard work.

As you know, The HOPE Appeal is raising the £2 million needed for a replacement Linear Accelerator for our Cancer Therapy Unit and the additional structural works to the building in order to house the new machine. We still have about £600,000 to raise and your gift has helped us get one step further to our goal.

We have looked at your website and are delighted that you have given us a mention, if you would like to add a link to our HOPE Appeal website that would be super – we can certainly add your web link if you think that would be appropriate. The website address is <http://www.hopeappeal.co.uk/> .

With our thanks and best wishes to you and all of the people who bought the videos too!

Best wishes,

Yours sincerely

Katy Berman  
Fundraising Executive

---

The University of Cambridge Veterinary School Trust is a charity dedicated to raising funds in support of the Cambridge Veterinary School and Queen's Veterinary School Hospital and their aim of providing the best in animal healthcare.
